

ZEE Discussion on Global Carbon Pricing: Taxes or Certificates?

Date : Tuesday, 20 January 2026

Time : 18:00 – 20:00

Location: FRIAS, University of Freiburg

A new ZEE event format

Short impulse talks followed by a moderated expert discussion and an open exchange with the audience.

Topic of this session

How should global carbon pricing be designed?

Should we rely on tax-based systems or certificate-based mechanisms?

What are the economic and political implications of each?

Discussants and impulse talks

- Prof. Hillebrand** – Economic foundations of global carbon pricing
- Prof. Weidlich** – Carbon pricing in Germany and Europe
- Prof. Diehl** – A proposal for a globally harmonized carbon tax

Moderated by Dr. Maria-Xenia Hardt

**Join the discussion and help shape the
debate on global climate policy.**

Register until 16 January 2026!

Registration required, but free of charge.
